Attachments: Stepping Stones to Superfund.HQ.graphic.pdf; TIS FINAL 9.13.11.pdf

Hello Mary,

As you know I will not be able to make the July 9th meeting, but I have included in this email a couple of documents you could share with the panel in regards to the Superfund process.

Thanks,
Mike

Subject: July 9 CFAC Community Liaison Panel Meeting

Dear Mike:

It was a pleasure to meet you in Columbia Falls recently. Thank you for taking time out of your day to attend the June community liaison panel meeting related to the CFAC project.

I am in the process of planning the July meeting and spoke to Linda in your office about the session. In response to the group's interest, I am coordinating a discussion about the Superfund process and with her help, have included your participation on the agenda. I'd like to ask you to speak about the NPL process and the agency's position as it relates to the CFAC site. I invite you to use a PowerPoint presentation and if you elect to do so, please let me know if you will need a computer. We will have the projector and screen. I think the presentation portion should have a goal of 15 minutes to allow for questions and discussion.

I look forward to working with you on this. Please share your thoughts about the approach and if Kristi Moore and I can assist you in preparing for the meeting.

Kind regards,
Mary Green
